2. Letter No 811 Dy 2nd Novr: 1901 from the Comptroller in Mysore stating that the balance at the credit of the Kolar Gold Fields Sanitary Board on 1st July 1901 as per preliminary accounts is Rs 14930.

Under Thereon

Dy

(B) Receipts

76 per cent of Local Cess. The Presidt: now reports that the probable arrears of "76% of Local Cess" remaining to be collected at the beginning of 1901-1902 is Rs 54-0-4. Adding to this Rs 1551-0-11, which is the anticipated collection ~~of Local Cess~~ during the current year, the total demand under this head amounts to Rs 1605-1-3, to which the estimate for the current year was purposed in the President's letter No 9027 Dy 21st Sept: last to be reduced. In his later Communication No 155 Dy 11th Jany 1901, the President further proposes to reduce the estimate, probably through an oversight, to Rs 1183-11-8 which

which is the actual demand of 76% of Local Cess on land revenue, exclusive of Cess on other items, which is properly creditable to the Board. A sum of Rs 1600/- will therefore be entered under this head in lieu of Rs 2,135 accepted to stand tentatively in the original Budget.

Non-existent item an overprint estimate

2. "VI Slaughter house Fees". As it is now reported that the right to collect slaughter house fees during the current year has been sold for Rs 6000/-, the estimate under this head will be raised from Rs 4,000/- to Rs 6,000/-

Why Rs 6000 when Rs 5000 proposed in the budget estimate for the Board on the subject

Two items shown above 2m no 9 dt 9/9/01 = 5000
2m no 35 dt 11/11/01 = 6000

3. IX Rents. The new estimate of Rs 800/- expected to be collected by renting cooly huts to be erected from March to

The

end of June 1902 is ap-
proved.

4. X Loans. As it
is now reported that the
loan sanctioned by Govt:
has not yet been uti-
lized, an estimate of
Rs 20,000/- will be
entered under this head,
the provision of Rs
2800/- made in the
original Budget on the
side of expenditure on
account of repayment
of loan being a time bar.

Opening Balance.

5. In lieu of the
approximate estimate
of Rs 1612 entered in
the original budget,
a sum of Rs 14,930/-
will be adopted in

the

the present Budget as re-
ported by the Comptroller
as the correct opening
balance.

Expenditure

6 A. P.W. to be executed
by P.W.D. The pro-
vision of Rs 20,000/- made
under "I original works"
for the marginally noted
items of which (1) & (2)
are under progress, as
also the allotment of
Rs 3,500/- made for
supervision charges under
III Establishments"
is approved.

R. P.W. to be executed by the Sanitary Bd.

If the additional pro-
vision proposed under this
head, viz, Rs 12,640, for works
noted in the margin, be
sanctioned, the closing ba-
lance will be less than
the prescribed minimum

by Rs 7,049. The estimates for erecting huts in Kaala Colony as well as [illegible] for Labour supervision charges entered under "III Establishment" will therefore be reduced from Rs 11,000 to 4,565 and from Rs 1,990 to 1,196 respectively. If the reduced provision be found insufficient for outlay during the year, the President may authorise a re appropriation from other budget items.

READ—

Letter No. 597, dated 20th March 1901, from the President, Sanitary Board, Kolar Gold Fields, submitting the budget estimates of receipts and expenditure of the Circle for the year 1901-1902.

No. 14812-23—L. F. 10-1901, DATED BANGALORE, 7TH MAY 1901.

ORDER THEREON—The receipts of the Gold Fields Circle for 1901-1902, are estimated at Rs. 21,785, against Rs. 35,140, the sanctioned estimate for 1900-1901, and Rs. 7,119, the actuals for eight months of the year 1899-1900, since the constitution of the Board.

2. *76 per cent of Local Cess.*—Enclosure A shows that the estimated amount to be collected and credited during the year 1900-1901 is Rs. 2,135, while the total cess, including arrears at the end of the current year is put down as only Rs. 1,605 or Rs. 530 less. It is not therefore clear how the estimate is fixed higher than the assets available. Pending information, however, the estimate proposed will not be disturbed.

3. *Mohatarfa Collections.*—An increase of Rs. 1,000 over the sanctioned estimate for 1900-1901 is expected under this head, owing to the probable increase in the mining population in the surrounding villages. The estimate is passed.

4. *Fees from Market.*—An estimate of Rs. 4,000 is newly entered as the revenue expected from fees from the market expected to be completed by 1st July 1901. This item will be retained, subject to the submission of a report as to whether the construction of a market has been commenced and whether it is likely to be ready for occupation before the end of June 1901, as otherwise the estimate will have to be reduced or struck out altogether.

5. *Slaughter-house Fees.*—It is not explained how an increase of Rs. 1,000 is expected under this head and it is not supported by the actuals of 1899-1900. The estimate will therefore be reduced from Rs. 5,000 to Rs. 4,000 the sanctioned estimate for 1900-1901.

6. *License Fees.*—The increased provision under this head, expected from the issue of a greater number of licenses by the operation of the new Bye-laws, is approved.

EXPENDITURE.

7. *B. Public Works to be executed by the Sanitary Board.*—The provision made under this head is approved, subject to the submission of estimates for works costing Rs. 500 and upwards.

8. *C. Civil Charges: I. Establishment.*—The sanctioned budget for 1900-1901 provides for only eight months' salary of the deputy clerk on Rs. 15+10, whereas the present budget provides for the charge for the whole year. This accounts for the increase under this head, which is allowed.

9. *Conservancy.*—The increase of Rs. 660 under this head is due to the provision made for the increment of Rs. 25 a month earned by the Sanitary Inspector and a horse allowance of Rs. 15 to each of the two Overseers. The provision for the former is sanctioned, but that for the latter is struck out with reference to Proceedings No. 12550—L. F. 114-92, dated 18th May 1900, No. 8362-3—L. F. 114-92, dated 20th December 1900, and No. 11447—L. F. 114-92, dated 28th February 1901.

10. *X. Miscellaneous.*—The new provision of Rs. 2,800, entered under "(*c*) Repayment of loan with interest" is retained, subject to the submission of a report showing the amount utilized out of the loan of Rs. 20,000 sanctioned by Government in Proceedings No. 5301-2—L. F. 17-99, dated 3rd November 1899.

11. The budget estimates of receipts and expenditure of the Kolar Gold Fields Sanitary Board as now sanctioned will stand as per particulars given in the accompanying appendices, of which an abstract is given below :—

		Rs.

As the estimated closing balance falls short of the prescribed minimum by Rs. 2,245, every endeavour should be made to maintain the usual working balance by effecting savings in the sanctioned items, unless the actual balance on 1st July 1901, should happen to be in excess of the estimate entered by Rs. 2,245 or more.

From the Pt Kolar G.F.S.B

7560 19/6/01 L 2364

The receipts of the Gold Fields circle for 1901-1902 are estimated at Rs 2,1785/- against Rs: 35,140, the sanctioned estimate for 1900-1901 and Rs: 7,119, the actuals for eight months of the year 1899-1900, since

the constitution of the Board.

2. 76 per cent Local Cess. Enclosure A shows that the estimated amount to be collected and credited during the years 1900 1901 is Rs 2135, while the Local cess, including arrears at the end of the current year is put down as only Rs. 1605/- or Rs. 530 less. It is not then found clear how the estimate is fixed, higher than the assets available. Pending information, however, the estimate, if passed will not be disturbed

3. Mohabarfa Collections. An increase of Rs. 1000/- over the

to be ~~exceeded~~ by the Sanitary Board. The provision made under this head is approved, subject to the submission of estimates for works costing Rs: 500 and upwards.

8. Civil charges. I. — Establishment. The sanctioned budget for 1900-1901 provides for only 8 months' salary of the Deputy Clerk on Rs. 15+10, whereas the present Budget provides for the charge for the whole year. This accounts for the increase under this head, which is allowed.

9. Conservancy. The increase of Rs: 660 under this head is due to the

provision made for the increment of (Rs. 25 a month) carried by the Sanitary Inspector and a house allowance of Rs. 15 to each of the two Overseers. (The) provision for the former is unobjected, but that for the latter struck out with reference to Proceedings No. 12550 dt 18th May 1900. (sl 99)

10. "X Miscellaneous. The item provision of Rs: 2800 entered under (c) Re-payment of loan with interest" is retained, subject to the submission of a report showing the amounts subject and

of the loan of Rs 20000/- sanctioned by Government in Proceedings No 5301-2 / 17-99 dt 3rd November 1899.

11. The Budget estimates of receipts and expenditure of the Kolar Gold Fields Sanitary Board as now sanctioned will stand as per particulars given in the accompanying appendix of which an abstract is given below:—

The explanation furnished in regard to the estimate of Local cess to be credited to the Sanitary Board is not clear. If Rs 2135 is the amount which the Board may probably realize during the year, the figures given in cols 4, 5, and 6 are apparently incorrect ~~Wrong~~, as the ~~balance on the~~ sum of the probable arrears at the

Enclosure No. 2.

Sir

With reference to Govt Proceedings No. 2318 W / £.7.10-1901, dated 7th August 1901.

I have the honor to state that the estimated amount of Cess, namely Rs 2135, shown in Col: 7 of Encl: A, is not calculated upon the assets shown in Col: 2 of the said enclosure, but it has been calculated upon the probable estimate of Revenue, which may be realised during the years for which the estimate

esumare is submitted.

As the Government now bring out that the sum of the probable arrears at the beginning of July 1901 and the 76% of Local Cess shown in Col: 4 of Enclr A cannot be less than the amount expected to be collected in the current year a separate statement showing the amount of Cess which the Board may probably realise during the year and the probable amount of arrears, namely Rs 54---4 remaining to be collected at the beginning of the year is now submitted with a request that the estimate may be accordingly reduced.

With reference to para 2 I beg to bring to your notice that the proposal made in this Office letter No. 755 dated 19th June 1901 is reasonable and requires the approval of the Government.

Government in para 5 of their Proceedings No. 14812-23 / L.Fr. 10-1901 dated 7th May 1901, have reduced the Slaughter House fees from Rs 5000/- to Rs 4000/- owing to the non-submission of explanation as to the cause of its increase in the Budget Estimate.

Sir,

In forwarding for the approval of Government Resolution No. XIII passed at the last meeting of the Sanitary Board deciding to at once have 200 Coolie huts erected near Mastan. I have the honor to explain that the work is most necessary in

the East in the interests of the Institution and South of the Fields as also of the offices of the surrounding villages.

The Huts are intended to form the nucleus for one of the Coolie colonies which I propose the best means to enable the existing scattered groups of hovels some inst or trade Company's properties more on payts fields in close proximity to the larger villages being kept away, and the payments collected fin as well paid out Coy of Huts pond supervision of the Sanitary Board. It is also proposed to buy a number of the movable houses that have

The purchase of the property mentioned has been started in anticipation of the Council.

Letters Nos. 751, 755, 90 and 155, dated respectively 20th and 19th June, 9th September and 11th November 1901, from the President of the Sanitary Board, Kolar Gold Fields, submitting the explanation called for in Government Proceedings Nos. 14812-23—L. F. 10-01 and 2318—L. F. 10-01, dated respectively the 7th May and 7th August 1901, as also the revised budget estimates of the Gold Fields Sanitary Board for 1901-02.

(2) Letter No. 811, dated the 2nd November 1901, from the Comptroller in Mysore, stating that the balance at the credit of the Kolar Gold Fields Sanitary Board on 1st July 1901, as per preliminary accounts, was Rs. 14,930.

No. 11407-18—L. F. 10-1901, DATED BANGALORE, 9TH JANUARY 1902.

RECEIPTS.

ORDER THEREON.—*76 per cent of Local Cess.*—The President now reports that the probable arrears of "76 per cent of Local Cess" remaining to be collected at the beginning of 1901-02, was Rs. 54-0-4. Adding to this, Rs. 1,551-0-11, the anticipated collection during the current year, the total demand under the head amounts to Rs. 1,605-1-3, to which the estimate for the current year was proposed in the President's letter No. 90, dated 9th September last, to be reduced. In his later communication No. 155, dated 11th November 1901, the President further proposes to reduce the estimate, probably through an oversight, to Rs. 1,183-11-8, which is the actual demand of 76 per cent of Local Cess on Land Revenue, exclusive of cess on other items, which is properly creditable to the Board. A sum of Rs. 1,605 will therefore, be entered under this head, in lieu of Rs. 2,135 allowed to stand tentatively in the original budget.

2. "*VI. Slaughter-house Fees.*"—As it is now reported that the right to collect slaughter-house fees during the current year has been sold for Rs. 6,000, the estimate under this head will be raised from Rs. 4,000 to Rs. 6,000.

3. "*IX. Rents.*"—The new estimate of Rs. 800 expected to be collected by renting cooly huts to be erected from March to the end of June 1902, is approved.

4. "*X. Loans.*"—As it is now reported that the loan sanctioned by Government has not yet been utilized, an estimate of Rs. 20,000 will be entered under this head, the provision of Rs. 2,800 made in the original budget on the side of expenditure on account of repayment of loan being struck out.

5. *Opening Balance.*—In lieu of the approximate estimate of Rs. 1,612 entered in the original budget, a sum of Rs. 14,930 which represents the balance in favor of the Board on 1st July 1901 as per preliminary accounts of the Comptroller for 1900-01, as shown in the margin, will be adopted. It is noted that the large increase under this head is partly due to the larger revenue actually realized during the year 1900-01, and to the decrease in expenditure as compared with the sanctioned estimate for the year.
